Mir Nasrullah

Frontend Developer · Growing into Backend / Full-Stack

mir.nasrullah@email.com | Karachi, Pakistan | github.com/yourhandle | linkedin.com/in/yourhandle | yourportfolio.com

PROFILE

Self-taught web developer with 2 years of hands-on frontend practice building responsive, accessible interfaces — including real project work for a live client site. Currently deepening skills in backend development to work as a full-stack developer. Comfortable turning designs into clean, maintainable code and learning new parts of a stack quickly and independently.

SKILLS

Frontend	HTML5, CSS3, JavaScript, React, Responsive Design
Backend	Node.js, Express, REST APIs, Databases
Tools	Git, GitHub, VS Code

PROJECTS

- **Dr Physio Rehab** — Multi-page physiotherapy clinic website with service pages, a blog, and appointment booking, built for a real client. drphysiorehabonline.com
- **JavaScript Learning Hub** — Anime-themed interactive platform for learning JavaScript, with a live code editor and curriculum tracker. javascript-hub.vercel.app
- **Personal Portfolio (v1)** — An earlier personal portfolio covering services, projects, and contact. my-portfoli-website.vercel.app

LEARNING JOURNEY

Building Real Projects — Self-Taught / Independent

2025 – Present

- Moved from practice exercises to full builds, including a real client-style site and an interactive learning platform, while starting to pick up Node.js and backend fundamentals.

Learning the Fundamentals — Self-Taught / Independent

2023 – 2025

- Started from scratch with HTML, CSS, and JavaScript, then React — learned through documentation, tutorials, and consistent hands-on practice.
